Profile

Undergraduate Informatics student (5th semester) at Telkom University, focused on software development, particularly web and mobile development. Proficient in HTML5, CSS3, PHP (Laravel), React, React Native, Tailwind CSS, MySQL, and Golang. Has independently completed numerous application development projects, from front-end to back-end, since vocational high school through the present, building a strong foundation in problem-solving and project management. This foundation is further reinforced by prior non-technical experience (entrepreneurship and market analysis), now fully directed toward building a career in programming.

Core Competencies

- Languages : Indonesian (Native), English (Intermediate)
- Soft Skills: Problem Solving, Critical Thinking, Team Collaboration, Time Management
- Tools / Software : Visual Studio Code, Git & Github, Postman, Figma, MySQL
- Programming Languages : HTML, CSS, PHP, Golang, C
- Frameworks : Laravel, React, React Native, Tailwind CSS

Work Experience

Frontend Mobile Developer Intern | PT. Satrio Gemilang Perkasa Jan 2024 - Aug 2024

- Built a loan simulation feature enabling prospective customers to calculate estimated installments and interest before applying for a loan
- Implemented responsive and reusable UI components to maintain design consistency across the application flow
- Collaborated with the team to ensure accessibility and an optimal user experience for the mobile-based banking application

Fullstack Developer Intern | PT. Fahove Teknologi Indonesia Aug 2023 - Oct 2023

- Built responsive interfaces that adapted seamlessly across desktop and mobile devices
- Designed and implemented backend logic and MySQL database structures to support efficient data management
- Handled end-to-end development, from UI design to backend integration, across multiple concurrent client projects

Education

Bachelor of Computer Science | Telkom University

2024 - Present

Software Engineering | SMK Bina Informatika

2021 - 2024
